

The Articles of Confederation: And Perpetual Union

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Createspace, United States, 2015. Paperback. Book Condition: New. 254 x 178 mm. Language: English . Brand New Book ***** Print on Demand *****.The Articles of Confederationby Benjamin FranklinAmerican History The Articles of Confederation, formally the Articles of Confederation and Perpetual Union, was a document signed amongst the thirteen original colonies that established the United States of America as a confederation of sovereign states and served as its first constitution. Its drafting by a committee appointed by the Second Continental Congress began on July 12, 1776, and an approved version was sent to the states for ratification in late 1777. The formal ratification by all thirteen states was completed in early 1781. Even when not yet ratified, the Articles provided domestic and international legitimacy for the Continental Congress to direct the American Revolutionary War, conduct diplomacy with Europe and deal with territorial issues and Native American relations. Nevertheless, the weakness of the government created by the Articles became a matter of concern for key nationalists. On March 4, 1789, the general government under the Articles was replaced with the federal government under the United States Constitution. The new Constitution provided for a much stronger federal government with a chief executive (the president), courts, and taxing powers.
