The guide is based on the results of an assessment of the COPS Office s 2002 Making Officer Redeployment Effective (MORE) grantees; however, the results apply to any agency that is considering or has recently made a technology purchase. The guide is relevant to departments of all sizes and covers a variety of applications-automated field reporting systems, computer aided dispatch, records management systems, and others. The guide focuses on the three E s-efficiency, effectiveness, and enabling-which identify the different ways the technology may affect agencies. The intent is to provide practical measures based on these three E s for how information technologies contribute to achieving department goals and can be used to examine the merits of such expenditures.
