LAP Lambert Acad. Publ. Jul 2011, 2011. Taschenbuch. Book Condition: Neu. 220x150x38 mm. This item is printed on demand - Print on Demand Neuware - GRE and SAT are one of the hardest exams. The main reason why these exams are hard is because there are plenty of words used in the exam which we normally don't know. In order to do good in these exams we need to learn the 3500 words from Barron's book which frequently appears in these tests. But learning these words are very hard and keeping these words and their meaning in our heads are even harder. So during my exam I made some mnemonics which helped me in the exam to remember these words properly. So after my exam I thought that if I make more mnemonics then the students can do easily well in their GRE and SAT exams. So I wrote this book which has around 3000 mnemonics out of 3500 of Barron's. By reading this book Exams like SAT and GRE are going to be damn easy to score. 640 pp. Englisch.
