BUSINESS ETHICS: TEXTS AND CASES FROM THE INDIAN PERSPECTIVE

DOWNLOAD

Springer, India, Private Ltd, India, 2016. Paperback. Book Condition: New. 235 x 155 mm. Language: English . Brand New Book ***** Print on Demand *****.Business ethics is understood in a comprehensive and differentiated sense, as in recent years it has evolved under the influence of globalization. The present book examines inclusive growth, which includes more than just poverty alleviation and seeks to address the problem of equity through the enhancement of opportunities for all parties. This conforms to the fundamental task of business ethics, which is to enhance the ethical quality of decision-making and actions taken at all levels of business, i.e., at the personal (micro-), organizational (meso-), and systemic (macro-) levels and thus extending the narrow notion of business ethics as a niche for managers with good intentions. In the real world of competition and coordination, various situations produce various tradeoffs that the three pillars of the economy, i.e., Business, Government and Society have to pursue for their survival and sustenance. In this book, we look into many such case studies in which the strength of one component leads to a benefit for one of the other components and a detriment for the other, thus causing an imbalance between the three pillars. This book will be equally valuable to students, philosophers, decision-makers in business and policy-makers at large. Softcover reprint of the original 1st ed. 2014.
