Anmol Publications Pvt. Ltd., 2005. Hardcover. Book Condition: New. Islam, as a philosophy, a way of life and of course as a faith, has served like a lighthouse for the whole world. It has, as a force, influenced all civilizations. Be it education, social fabric or science, Islam has left its impact in all the spheres. In fact, Islam is basically a scientific and progressive religion. This series, unique in its presentation, is perhaps first of its kind, to take all the great events, developments and personalities in Islam, in its fold. All the significant aspects have been covered in these volumes. This multivolume study is based on original (Holy Quran and Traditions) and other authentic sources: Arabic, Persian and Urdu books and manuscripts. For further comprehension and comparative study, English books by Muslim scholars and as well as Western writers have also been consulted at length. The painstaking research and thorough study of thousands of pages by a team of scholars over a period of time, has resulted in an authentic, comprehensive, exhaustive, exclusive, gigantic and still interesting work, which is bound to fill a big vacuum in Islamic Studies. This voluminous work is based on authentic sources and material, available in libraries, institutes and some private collections, as well. A rich Bibliography, along with References is provided with each volume to prove the authenticity of the work and in order to guide the scholars and readers for further studies. This modest work should prove to be of worth for those, who are kind enough to peruse it and may desire to make use of it for their academic enrichment. Hopefully, these volumes would be able to satisfy the urge of all those who desire to know about real Islam and also to create a new awareness, regarding this...
