But there is a catch, the brain must be exercised in a specific way for it to coincide and correlate with your desired outcome and how you would like to use it. In Brain Training you will discover key strategies and exercises that will help you change your brain and mold it specifically to think the way you want it to and to accomplish what you want it to. This book is specifically arranged in chapters that must be followed in chronological order. This is important since specific areas of your intelligence must be improved first in order to produce the best results. We will be covering topics from simple home exercises to basic...
