

Mindful Therapy: The Healing Art of True Presence and Deep Listening

Filesize: 7.54 MB

Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

Wisdom Publications, U.S., United States, 2006. Paperback. Book Condition: New. 223 x 152 mm. Language: English . Brand New Book. Welcome and much-needed addition to the literature for psychotherapists, therapists-in-training, and occupational therapists and other types of teachers. Mindful Therapy offers to them ways to bring the teachings of Buddhism into a psychotherapeutic practice - and a thorough explanation of the benefits of doing so. The book will be of value to therapists of every variety, in the way that *Medicine and Compassion*, while molded for caregivers in general, was applauded by medical journals. Author Tom Bien offers an energizing and expansive perspective. Grounded in his understanding of Buddhist teachings, his book suggests a model of integration of particular value to beginning therapists or those still in training, offering ways in which the therapist can mindfully care for themselves amid the challenges of their practice. Tools useful to clients, as well, are discussed. Bien sees therapists as practicing in the ancient traditions of various healers of spirit, whose greatest skill and gift to others is, above all, the mindful presence. Mindful Therapy is comprised of a useful, highly-readable balance of theoretical groundwork, personal experience, case studies, and practice exercises.
