Reviews

It is really an incredible publication which i actually have possibly read through. It really is written in easy phrases and not confusing. Once you begin to read the book, it is extremely difficult to leave it before concluding.

KAPITOIL

HarperCollins Publishers Inc. Paperback / softback. Book Condition: new. BRAND NEW, Kapitoil, Teddy Wayne, "Sometimes you do not truly observe something until you study it in reverse," writes Karim Issar upon arrival to New York City from Qatar in 1999. Fluent in numbers, logic, and business jargon yet often baffled by human connection, the young financial wizard soon creates a computer program named Kapitoil that predicts oil futures and reaps record profits for his company. At first an introspective loner adrift in New York's social scenes, he anchors himself to his legendary boss Derek Schrub and Rebecca, a sensitive, disillusioned colleague who may understand him better than he does himself. Her influence, and his father's disapproval of Karim's Americanization, cause him to question the moral implications of Kapitoil, moving him toward a decision that will determine his future, his firm's, and to whom--and where--his loyalties lie.
